The journey of
self-discovery

Why GGIS Bavdhan

- Dedicated sports excellence center
- Experiential learning
- Vibrant Campus
- Skill focused learning
- State-of-the-art smart classrooms
- Holistic development facilities
- Child centric and innovative pedagogy
- Safe and reliable transport service
- Skilled and passionate educators
- Guidance for ASSET (Assessment of Scholastic Skills through Educational Testing) & Olympiad exams

Our #NewEducation Campus is built on 5 powerful pillars:

The GGIS Code of Academics

Where every child is cared for with sensitivity, while gentle monitoring and guided teaching help them grow and learn with the same high academic standards across all GGIS branches.

The GGIS Active Learning Platform

Where students are trained to be doers so that they can be change-makers and thought leaders.

The GGIS Sanskaar System

Where students are taught to understand and apply traditional science, given to us by our ancient Gurus, to real-life situations in the contemporary context.

The GGIS Skill Development Program

Which focuses on the core skills of students and develops those skills so that many more worlds open up to them, in terms of choosing future paths.

The GGIS Champions' Campus

Where the campus design itself nurtures excellence, with spaces built to optimise peer-to-peer learning, collaboration, and growth in academics, sports, creativity, and performing arts.
