Achivers' Day

GG International School celebrated Achievers' Day for the academic year 2022-23 on 1st July 2023. However the celebration received a dim start by the sad news of demise of one of our alumni – a fallen star. A mourning of a minute was observed.

This added to the solemnness of the theme of today's event even starker – significance of mental wellbeing. Our Director delivered a motivating welcome address, emphasizing the importance of not sacrificing our happiness in our efforts to capture the bigger and more materialistic picture in life. The Chief Guest Mr. Snehal Khurge, as well as the Guests of Honour, Dr. Rahul Salunke and Dr.

Shraddha Salunke, adorning the event were felicitated by our Director Ms. Bharti Bhagwani. The event received a kick start with performance of Ganesh Vandana by grade 10 dancers, followed by Guru Vandana – a respectful ode to the beacon in the life of every individual. A stirring skit depicting the ill-effects of social media addiction, peer pressure, academic stress, bullying but most importantly, the dark shadows of depression ensuing from all of the challenges that the youth are compelled to suffer in silence. The student achievers as well as the teaching faculty were felicitated for their outstanding contribution to excellence in academics by the Chief Guest and the Guests of Honour, accompanied by the Director-Principal, the Vice Principal and the Academic Heads. The event reached culmination with a speech by The Chief Guest.

CLASS PRESENTATION

10th grade

Class presentation had been an amazing opportunity to showcase our talents and learn new things. Class presentation had music, dance, drama and narration which helped kids enhance their skills. The teachers too were very encouraging and gave a fair chance to everyone. The kids enjoyed the show. The rehearsals took place in school and the show happened in Aacharya Atre Hall. The memories are still fresh in my mind. The class presentation happens for all classes. It's an amazing initiative taken by the school. There are great opportunities. I hope the school continues to host such events. All kids were ready with their costumes and everyone was happy to be performing in front of their parents. Our CP was based on Mental health, where we earned a lot of new information. We learned about social media addiction as well, it was great overall. I really enjoyed our CP.

GG INTERNATIONAL SCHOOL

JULY

BOOTCAMP

I was pretty much interested in learning to make a website much before and was trying to find a course and when I first got to know that our school is organizing a Bootcamp for web development I was pretty excited from the very first moment. I first got to know through a circular which was circulated in the groups and also I found the instruction also very well written as they were prepared very systematically keeping us in mind. From the very first day I enjoyed each and every moment for those 1 and a half month as it surely was productive and brilliantly executed as all the sirs were very good in teaching process with giving us ample times for practical unlike boring IT teachers. It was a very terrific month for which I tried to not even miss one day of school just to not miss the Bootcamp. I really wish that one more such Boot Camps should be organized by the school as I am really wishing for it. IT is always fun is so good teachers are there who know how and what to teach unlike many other teachers. Wishing for many more circulars in the near future.

Newsletter - July Events, Programs, and Artwork at GG International School

Welcome to the July edition of our newsletter, where we bring you all the exciting events, programs, and artwork that took place at GG International School. July was a month filled with learning, creativity, and fun for our students. It was a month filled with exciting events, enriching programs, and astounding artwork at GG International School. We are proud of our students' achievements and their dedication to learning and self-expression. Stay tuned for more updates and happenings in our next newsletter.

SPORTS FEST

Taekwondo Intra Zero Period

Taekwondo Intra Zero Period and ZP selection

Conducted on GGIS pimpri Ground today on 17th to 19th July 2023.

There were different groups of students as sub. junior, cadet under 55 girls and boys as we had kept this selections open for all students.

The event was conducted smoothly, Students were Disciplined and really Enthusiastic for the event.

All Students Participated in the Events they had chosen. Every student got Chance to Spark their Sports spirit. They were motivated and got exposure.

TABLE TENNIS INTRA MATCHES

Be like a table tennis ball, the harder they throw you, the harder you rise.

Table tennis is a game that is one of precision and concentration. The matches for table tennis intra competition recently took place with maximum participation of students. Students from the zero period as well as well outside participated with great gusto. Seeta ma'am and Dhruvi ma'am marked the start of the competition with Latika ma'am, Tushar sir and Shreeshailya sir. The final teams played on 15th, Saturday. The selection for the same continued over the previous week.

Nitya's team won in under 14 girls and Sakshi's team won in under 19. Shreeya and Arihant won in under 17 mixed doubles while Asmi and Konark won in under 19.

Overall, the matches went well with great enthusiasm.

Interhouse

Waste to wealth (Home Decor) Grade 6 to 8

This activity helped to bring out the creativity and innovation in students. Students made home decoration items using unused object like chocolate wrappers, ice cream sticks, empty glass bottles etc.

JULY

PLANTATION DRIVE

GG International School has an enduring custom of conserving nature. We celebrate World Environment Day to spread awareness and for the protection of our ecology as an act of tribute to Mother Nature. Taking various preventive measures for averting the effects of Global warming as we know that it is the root cause of the ruin of our environment is the duty of every individual. With the aim of imparting students the knowledge to preserve our biosphere and encourage them towards afforestation, a plantation drive is organised every year in the campus. One such drive was held on 7th July 2023, during which many saplings were planted in the school grounds. The students were divided into groups of ten and each one was given saplings to plant and water. Teachers were assigned to conduct children to the allotted locations for planting and encouraged them to plant more trees. This drive highlights the importance of tree plantation to reduce air pollution and give nature back what we consume in abundance-oxygen, necessary for every living species on earth. This month is favourable for the planted sapling's growth as the city receives sufficient rainfall. Being a part of the Seva Act, we GGians are proud to help nature and environment in every way we can. The participation of our students and staff with enthusiasm made our plantation drive successful.

Maths inhouse training

Maths inhouse training : Topic-1: Joyful classroom
-By Ruchita and Ganga Madam Topic 2: Experiential Learning
On First of June Department of maths conducted in house training of maths based on topic Joyful learning and experiential learning .In joyful learning respective teacher guide what is joyful learning and importance of joyful learning in maths. Teacher facilitated how engaging, empowering, and playful learning of meaningful content help students in a loving and learning subject. It was activity based training session where teachers showed their active participation. Through the joyful learning process a student is always improving knowledge of self and the world. CLASS 8 PRESENTATION

The day 29th of July marked a lot of significance in the lives of class 8th standard students. It was a mesmerizing class presentation presented by them on the day. The theme for the same was Life, Skill and Sanskaar. Gratitude, sincerity, self control and will-power was portrayed through various dances, skits and songs. Class 8th A showcased will power with a motivating dance-drama where they portrayed the inspiring story of a struggling dancer. The dance-drama left the audience awe-inspired. Class 8th B showcased a dance about the mighty lord Ram which inculcated the ceremony. They portrayed sincerity with a skit about a boy, Aruni, whose sincerity and determination left the audience in awe. Class 8th C portrayed gratitude to God, parents and one another through a mesmerizing song which rejuvenated the audience. The dance left everyone with teary eyes.

CLASS 7 PRESENTATION

Sarve bhavantu sukhina

ॐ सर्वे भवन्तु सुखिनः

सर्वे सन्तु निरामयाः।

सर्वे भद्राणि पश्यन्तु मा कश्चिद्दुःखभाग्भवेत।

ॐ शान्तिः शान्तिः शान्तिः॥

May all sentient beings be at peace,
may no one suffer from illness,
May all see what is auspicious, may no one suffer.
Om peace, peace, peace.

The day 29th of July marked a lot of significance in the lives of 7th standard students. It was a mesmerizing class presentation presented by them on the day. The theme for the same was G20 in which sub topic was Green development, Sustainable development and Yoga and health. In this G20 and importance of Green development was portrayed. A Solo dance based on G20 was done by class 7th student. Student performed various culture programs, related to green development, Skit based on importance of mother earth and change occurs in environment (Global warming) due to human activities. Student performed dance to inspire today's generation how to take care of our environment. At the end importance of healthy food and benefits of yoga on our health was explained by class 7th students with the help of Skit and enchanting yoga dance followed zumba dance. The CP was ended with very enthusiastic song by class 7th student. Overall the program was super hit.

JULY

ARCHERY

Sharvari Shende of IX D participated in World Archery Youth championship 2023 at Limerick Ireland in Recurve Girls Under 18 category from 1st to 10th July 2023. Total 82 girls had participated in her category from all around the world. In spite of extreme weather conditions she gave her best and ranked 22nd number in overall and 7th in girls team. During individual elimination she lost to Mexico with just on tie breaker. In girls team events India team fought well up to 1/4 level but lost with Chinese Taipei. She was the youngest girl in all 82 participants.

Vihaan has won Gold winner trophy in International level abacus competition, held in Chennai, by IPA Chinese American association

Narendra Modi
@narendramodi

Proud of our archers for excelling in the 2023 World Archery Youth Championships. Their accomplishments augur well for the future of archery in India and will motivate many upcoming archers.

Anurag Thakur
@ianuragthakur · 23h
Hats off to our extraordinary junior and cadet archers who conquered the challenging weather conditions and fierce competition at the 2023 World Archery Youth Championships to win a remarkable 11 medals!

JULY

School life is wonderful
And I'm enjoying it
Once a teacher praised me
I felt proud
Oh! I felt proud
Once a teacher scolded me
Because I made a mistake
I will fix mistakes
We are proud of our school GGIS
We learn here, we play here
We make new friends here
Our school is like a second home to us
We love our school GGIS.

POEM BY AAROHI DHANAJI BAGDURE (4B)

Every Day is a new day,
it's perfect and pink.
I Love new day as something happens!
Something Exciting and Wonderful!
A new second, minute and hour.
The beautiful scent of flowers,
A fun swimming in a pool,
With hot and cold water.
The best to be the breeze of air,
So wonderful.
A new lesson to learn,
The new fun to play in rain.

POEM BY AMAIRA MAKUBHAI(2C)

How big cats drive ecosystems and Balance Economic Growth

Big cats, such as lions, tigers, leopards, and cheetahs have long captivated our imagination with their majestic presence. Beyond their undeniable beauty, these wonderful predators play a vital role in maintaining the balance of our ecosystems and contribute significantly to our economy. As top predators, they play an important role in maintaining the harmony of the planet's ecosystems. By preying on herbivores, they help to keep the balance between the prey animals and the forest vegetation which they feed upon by preventing an over-population of herbivores and overgrazing. Without predators, prey populations may explode, overgrazing and degrading the health of the landscape. This can lead to intensifying wildfires, disease and a host of other ecological challenges. In folklore, mythology and art, big cats have been revered and depicted in various forms. Overall, in the conclusion, big cats play a vital role in our ecosystem and economy. Furthermore, they contribute significantly to our economy through ecotourism, scientific research, and cultural significance. Recognizing and appreciating the vital role of big cats is essential for the preservation of these majestic creatures and the overall well-being of our planet.
